

Meet New People

Promote your Business

Build New Contacts

The Franklin County Chamber of Commerce regularly hosts an after-hours networking event where members can connect one-on-one with other business professionals. These events are held monthly from 5-7 p.m. at various Chamber member locations. This is a time when businesses can host a community social to highlight their products and services and allow other Chamber members and local residents to see their business first-hand.

What we expect from you:

- Provide food and beverages for those attending the event. Get creative with this! Invite another Chamber member to partner with you!
- Supply door prizes for your guests
- Showcase your business with tours, pictures, and/or demonstrations
- Informal welcome speech and introduce staff, promote your business, services and products

The role of the Chamber:

- Publicize the event in the Chamber's social networks, website, email, and monthly newsletter
- Discuss with you the details of your Business After Hours to provide the best experience possible
- Provide a group of ambassadors for greeting guests at the door
- Collect business cards at the door for prize drawings

***Creating a theme for your event adds to a fun atmosphere; get creative!
We will invite all Chamber members to the event but feel
free to invite any other potential business clients.***
